Particle filtering half mask

Model: ZW9501 FFP2 NR

Following standard: EN 149:2001+A1:2009

Regulation (EU)2016/425

CE 1463

Use Instruction

1. Failure to follow all instructions and limitations could seriously reduce the effectiveness of this particle filtering half mask and could lead to illness, injury or death.
2. A properly selected respirator is essential, before occupational use, the wearer must be trained by the employer in the correct use of the respirator in accordance with applicable safety and health standards.
3. This particle filtering half mask does not supply the oxygen. Use only in adequately ventilated areas containing sufficient oxygen to support life.
4. Discard the respirator and replace with a new one if excessive clogging of the particle filtering half mask causes breathing difficulty or the particle filtering half mask becomes damaged.
5. Leave the contaminated area if dizziness, irritation or other distress occurs.

Use Limitation

1. Do not use the particle filtering half mask or enter or stay in a contaminated area under the following circumstance:
 - a) Atmosphere contains less than 19.5% oxygen.
 - b) If you smell or taste contaminant.
 - c) For protection against gases or vapors.
 - d) Contaminants or their concentrations are unknown or immediately dangerous to life or health.
 - e) For sandblasting, paint-spray operations and asbestos.
 - f) In underwater, fire and explosive atmospheres.
2. Do not modify or misuse the mask.
3. Do not use the particle filtering half mask with facial hair or any other conditions that may prevent a good face-seal, the requirements for leakage will not be achieved.
4. Particle filtering half mask need to be inspected prior to each use to assure there are no holes in the breathing zone other than punctures around and staples and no damaged has occurred. Enlarged holes resulting from ripped or torn filter material around staple punctures are considered damage.
5. This particle filtering half mask helps protect against certain particulate contaminants but does not eliminate exposure to the risk of contracting disease or infection. Misuse may result in sickness or death.
6. This particle filtering half mask marked ?NR?, shall not be used for more than one shift.

Fitting Instruction

1. Place fingers inside the particle filtering half mask. Bend the nose clip around fingers to form nose shape.
2. Hold the particle filtering half mask in position over the nose and mouth, and pull the head harness behind the ears.
3. Using both hands, form the nose clip around the nose and shift the head harness to ensure a positive face seal.
4. Fit check
 - a) To test the fit of the particle half mask without an exhalation valve, cup both hands over mask and inhale sharply.
 - b) If air flow is felt in the nose area, re-adjust/tighten the nose clip.
 - c) If air flows are felt around the edges of the respirator, re-position the particle half mask/head harness to achieve a better fit.

5. Change the mask immediately if breathing becomes difficult or mask becomes damaged or distorted.
6. Change the mask if a proper face seal cannot be achieved.
7. Careful observances of these instructions is an important step in safe respirator use.
